MEMORANDUM

TO: Executive Directors

FROM: O - Idar Rimestad

SUBJECT: National Interdepartmental Seminar

The continuing attention of the Executive Directors is called to the strict mandate to send all officers "assigned to key positions in the underdeveloped world or in headquarters positions related thereto" to the National Interdepartmental Seminar (FSI Course A-700). Attendance of these designated officers at the Course is compulsory unless specific permission is obtained from this office. This requirement includes newly appointed Ambassadors.

There has been a recent slippage in observing this requirement. I trust it will be strictly adhered to in the future.
